VEHICLE APPLICATION
APLICACIONES POR VEHÍCULOS
APPLICATIONS POUR VÉHICULES

DEFINITIONS / DEFINICIONES / DEFINITIONS

Blower switch	Interruptor del ventilador	Commutateur de ventilateur
Brake light switch	Interruptor luz de freno	Interrupteur de lumière de frein
Clutch pedal switch	Interruptor del pedal de embrague	Contacteur de la pédale d'embrayage
Coolant level sensor	Sensor de nivel	Senseur de niveau
Door and alarm switch	Interruptor de puerta y alarma	Contacteur porte et d'avertisseur
Electronic hour meter	Cuenta horas electrónico	Compte heures electronique
Headlight switch	Interruptor de luces	Commutateur phares
High pressure switch	Interruptor alta presión	Commutateur à haute pression
Hydraulic brake switch	Interruptor de freno hidráulico	Interrupteur de frein hydraulique
Interior lighting switch	Interruptor de luz interior	Interrupteur d' éclairage intérieur
Oil gauge kit	Kit manómetro aceite	Kit manometre d'huile
Oil pressure switch	Interruptor presión de aceite	Interrupteur de pression d'huile
Oil pressure transmitter	Transmisor de presión de aceite	Transmetteur de pression d'huile
Oil temperature switch	Interruptor temperatura de aceite	Interrupteur de température d'huile
Oil temperature transmitter	Transmisor de temperatura de aceite	Transmetteur de température d'huile
Petrol indicator	Indicador de gasolina	Indicateur niveau carburant
Pneumatic brake switch	Interruptor del freno neumático	Interrupteur de frein pneumatique
Pneumatic switch	Manocontacto neumático	Manocontacts Pneumatiques
Pressure gauge	Manómetro	Manometre
Radiator fan switch	Interruptor del ventilador del radiador	Interrupteur du ventilateur de radiateur
Reversing light switch	Interruptor de luz marcha atrás	Interrupteur de phare de recul
Switch, window lift	Interruptor de elevalunas	interrupteur de lève-vitre
Temperature gauge	Termómetro	Thermometre
Temperature Switch	Interruptor de temperatura	Interrupteur de température
Temperature transmitter	Transmisor de temperatura	Transmetteur de température
Thermistor-Thermocontact	Termoresistencia - Termocontacto	Thermistance - thermocontact
Voltmeter	Voltímetro	Voltmetre
Warning switch	Interruptor de advertencia	interrupteur d'alerte
Water temperature kit	Kit termómetro agua	Kit thermometre d'eau
Wiper switch	Interruptor de limpiaparabrisas	Commutateur d'essuie-glace

INFORMATION / INFORMACIÓN / INFORMATION

On some engines, two or more References the same product can be fitted, indicate may have one or more at the same time. Example: Volkswagen fits two oil pressure switch in the same engine, but it's possible that it may have various, we see Applications. To identificate the correct switch by matching the colour of plastic, to that of the unit you are replacing. Example: one to be fitted on the upper part of the engine block (cylinder head) and another on the coolant temperature the engine mounting.
Some componenets for Tractors and Heavy Duty Vehicles are not listed in the Vehicle Application, but can be found in the Cross Reference List and/ or Illustrated section of the Catalogue.

Algunos motores pueden montar dos o más Referencias del mismo producto, independientemente cualquiera de ellas o varias a la vez. Por ejemplo, Volkswagen monta dos o mas interruptores presión de aceite en el mismo motor, pero vemos que puede llevar varios, como indicamos en las Aplicaciones. La identificación se realiza a través del color del conector, mismo color, misma ubicación de montaje.
Algunos componentes para Tractores y Vehículos Industriales no están incluidos en la Lista de Aplicaciones, pero se encuentran en el Cruce de Referencias y/o en la parte Ilustrada del Catálogo.

Certains moteurs sont équipés par deux ou plusieurs Références dans la même producte, indépendamment l'une ou plusieurs de ces Références. Exemple: Volkswagen est equipé avec deux interrupteur pression d'huile dans la même moteur, mais peut avoir incorporé plusieurs, voir Applications pour Véhicules. L'identification est faite grâce à la couleur de la partie en plastique. Example: un est montée sur la partie haute du moteur (culasse) et l'autre sur l'ensemble du liquide de Refroidissement du compartiment moteur.
Certains composants pour Tracteurs et Véhicules Industriels ne sont pas inclus dans les Applications pour Véhicules, mais sont repérés dans le Tableau des Equivalences et/ou partie illustrée du Catalogue.

For further applications see our interactive catalog in *www.fae.es*
Para más aplicaciones consulte nuestro catálogo interactivo en *www.fae.es*

INFORMATION / INFORMACIÓN / INFORMATION

G.B.

This Catalog considers vehicles with:

- Left Hand Drive (L.H.D.)
- Manual Gear, 5 speed
- Without Air Conditioning
- Without Check Control
- Without Cruise Control
- Without ABS

As the Standard vehicle (generic).

Vehicles with different features (criteria) are treated in a specific way in the information column.

E

En este Catálogo se han considerado los vehículos con:

- Conducción a la izquierda (L.H.D.)
- Cambio Manual, 5 velocidades
- Sin Aire Acondicionado
- Sin Check Control
- Sin Cruise Control
- Sin ABS

Como el vehículo Standard (genérico).

El resto de vehículos con otras características (criterios) se tratan de forma específica en la columna de información.

F

Dans ce Catalogue sont considérés les véhicules avec:

- Conduction à gauche (L.H.D.)
- Avec boîte de vitesses manuelle, 5 vitesses
- Sans Air Conditionné/Climatisation
- Sans Tableau de Contrôle
- Sans Vitesse de Croisière
- Sans Antiblocage (ABS)

Comme le véhicule Standard (générique).

Le reste des véhicules avec d'autres caractéristiques (critères) sont abordés d'une façon spécifique dans la colonne d'information.
